RESPECT.

It's the name of the game.

Sportsmanship is a core value of the NCAA. The NCAA Committee on Sportsmanship and Ethical Conduct has identified **respect** and **integrity** as two critical elements of sportsmanship and launched an awareness and action campaign at the NCAA Convention in January 2009.

Athletics administrators may download materials and view best practices at the website below: **www.NCAA.org**, then click on **"Student-Athlete Programs,"** then **"Sportsmanship"** and select the **"Resources/Best Practices"** tab.

2012 & 2013 NCAA MEN'S AND WOMEN'S BASKETBALL RULES

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Men's Changes for 2012 and 2013

Each changed or altered segment is identified in the rules text by a blue shaded background.

Court and Equipment. 1-3.4. In summary, all shadow lines must be clearly discernable and distinguishable.

Court and Equipment. 1-6.3. It is highly recommended that the area of the free-throw lane inside the boundary lines be one color. It is permissible for this area to be more than one color as long as all required lines in and around the lane are clearly discernable and distinguishable.

Court and Equipment. 1-8. The restricted area arc is a solid single-colored 2-inch line formed by a semicircle measured from the center of the basket to the outside edge with a radius of 3-feet and extending in a straight line to the front face of the backboard. This arc must be clearly discernable and distinguishable.

Officials and Their Duties. 2-4.2. At least one official must remain on the floor once jurisdiction begins.

Officials and Their Duties. 2-12.6. An appeal for a correctable error may be made by a head coach, table official (includes an approved standby official) or game official. This appeal must be honored and reviewed by an official

Officials and Their Duties. 2-13.2.d.1.b. A coach may request a monitor review to determine if any of the fouls in 2-13.2.d.1 occurred. When no such foul is assessed, a timeout shall be charged to that team

Players, Substitutes and Equipment. 3-4.1.e. Substitutions between periods shall be reported to the official scorer by the substitute(s) or a team representative before the signal that ends the intermission rather than before the warning horn. When the substitute(s) has not reported before the final horn to end the intermission, then the five players from the previous period shall begin the next period.

Players, Substitutes and Equipment. 3-5.4.c. For the purposes of defining the neutral zone, the shoulder panel shall be measured from the top of the shoulder/shoulder seam and extend a maximum of 5 inches toward the bottom of the game jersey on both the front and back

Players, Substitutes and Equipment. 3-5.5.e. In summary, a colored neckline not to exceed 1 inch in width is permitted within the neutral zone.

Players, Substitutes, and Equipment. 3-5.9. An institutional and/or conference logo meeting the restrictions of Rule 3-8.2 is permitted on the game shorts.

Definitions. 4-29.2.c. In summary, flagrant 1 personal foul replaces the term intentional personal foul.

Definitions. 4-29.2.c.6. In summary, contact with an elbow that occurs above the shoulders of an opponent when the elbows are not swung excessively per 4-36.7.a is a flagrant 1 personal foul and results in two free throws and the ball awarded to the offended team (2010-2011 rule change).

Definitions. 4-29.2.d. In summary, flagrant 2 personal foul replaces the term flagrant personal foul.

Definitions. 4-29.3.f. In summary, flagrant 2 technical foul replaces the term flagrant technical foul.

Timeout Administration, 4-57.2. If a team is not ready to play at the second horn during a timeout, officials are instructed to formally warn that team on the first offense. On the second and subsequent offenses, the official shall make the ball ready for play (e.g., put the ball on the floor and begin the count).

Scoring and Timing regulations, 5-13. In summary, permit all games to use the electronic-media timeout format regardless of whether there is paid advertising present.

Fouls and Penalties, 10-1.12. A secondary defender as defined in Rule 4-61 cannot establish initial legal guarding position in the restricted area for the purpose of drawing a player control foul/charge when defending a player who is in control of the ball (i.e., dribbling or shooting) or who has released the ball for a pass or try. When illegal contact occurs within this Restricted Area, such contact shall be called a blocking foul, unless the contact is a flagrant foul.

- a. When illegal contact occurs by the offensive player leading with a foot or unnatural, extended knee, or warding off with the arm, such contact shall be called a player-control foul.
- b. When a player in control of the ball stops continuous movement toward the basket and then initiates illegal contact with a secondary defender in the restricted area, this is a player control foul.

Fouls and Penalties, 10-1 Penalty f. Point of interruption for any double personal fouls or simultaneous personal fouls unless only one of the fouls is a flagrant foul in which case, play shall be resumed with a throw-in to the offended team at the point of interruption.

Fouls and Penalties, 10-2.1.b Have the proper game-clock display, red/LED light and mounted shot clock as in Rules 1-18.3, 1-18.4 and 1-19.3.

Fouls and Penalties, 10-2.2.a Penalty. When there are administrative technical fouls by both teams for violating 10-2.2.a, the fouls shall offset with no free throws awarded to either team.

Determine if a flagrant 2 personal or a flagrant 2 contact technical foul occurred or (women) flagrant 1 personal foul for illegal contact with an elbow above the shoulders of an opponent or a contact dead ball technical foul for illegal contact with an elbow above the shoulders of an opponent. When it is determined that a flagrant 2 contact technical foul did not occur but a flagrant 1 personal foul, or contact dead ball technical foul did occur, those fouls shall be penalized accordingly. However, no other infractions may be penalized

Officials and Their Duties. 2-13.2.d.1.a Permit the review of flagrant fouls until the ball becomes live.

When illegal contact occurs within this Restricted Area, such contact shall be called a blocking foul, unless the contact is a flagrant foul.

Fouls and Penalties. 10-1 Penalty f. Point of interruption for any double personal fouls or simultaneous personal fouls unless only one of the fouls is a flagrant foul in which case, play shall be resumed with a throw-in to the offended team at the point of interruption.

Fouls and Penalties. 10-2 Penalty. In summary, administrative technical fouls do not count toward the team foul count.

Fouls and Penalties. 10-2.2.a Penalty. When there are administrative technical fouls by both teams for violating 10-2.2.a, the fouls shall offset with no free throws awarded to either team.

Fouls and Penalties. 10-3.1.c Penalty. In summary, committing contact that is unnecessary, unacceptable and excessive, but does not rise to the level of a flagrant 2 contact technical foul is a contact dead ball technical foul. This foul is charged as a player/substitute technical foul. The offended team is awarded two free throws and the ball at the point of interruption.

The Rules Committees have identified the following as major concerns that need to be addressed because of their increased incidence of occurrence:

Major Officiating Concerns for Men

Timeouts — Possession Requirement

Officials are instructed to confirm player possession before granting a team timeout, particularly when the timeout is being requested from the head coach or a player in a scramble situation.

Timeout Administration

The committee continues to be concerned with the administration of timeouts. The ball should be ready for play at the second horn. The committee added a formal team warning to this rule to assist officials with another tool.

Flagrant 1 or Flagrant 2 Fouls for Elbow Contact

Officials are reminded that there can be incidental contact with the elbow above or below the shoulders; swinging of the elbow is required for the foul to be classified as a flagrant 1 or 2 foul. Some incidental contact is being penalized improperly.

Use of Monitor

While technology is a tool which has enabled officials to “get the call right,” there is growing concern that the monitor is being used too often, especially on calls where officials are correct a high percentage of the time. Just because the rules say officials are permitted to go doesn’t mean they must go to the monitor.

Major Officiating Concerns for Women

Incidental Elbow Contact

Officials are reminded that there can be incidental contact with the elbow above or below the shoulders and that not all elbow contact with the elbow is a foul regardless of where the elbow makes contact. Some incidental contact is being penalized improperly.

Traveling

Officials are reminded that not all spin moves are travels and that legal moves by the ball handler must be permitted. Good spin moves are erroneously being called travels. After establishing a pivot foot, that pivot foot may be lifted, but may not return to the floor before the ball is released on a pass or try for goal. The player should be given the benefit of the doubt when interpreting this move.

Freedom of Movement

The committee continues to be concerned with the excessive physicality and the lack of freedom of movement. Players must be permitted to move freely and without being held, pushed or rerouted.

Pace of Play

The committee and stakeholders in the game are concerned with the amount of stoppages that interrupt the flow and pace of the game. In order to increase the pace of play, officials are instructed to keep the game moving following timeouts, to permit incidental contact, permit legal moves by ball handlers and to use the monitor judiciously.

Significant Editorial Changes

Note: These are additions/clarifications that have been part of interpretations or custom but have not appeared in the rules book. Rule and Section references are for this edition unless otherwise indicated. There have been many minor editorial changes to clean up language and eliminate wordiness.

Preface

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

The NCAA Men's and Women's Basketball Rules have been designated as either administrative rules or conduct rules. Typically, administrative rules are those dealing with preparation for the contest. The conduct rules are those that deal directly with the playing of the contest. Some administrative rules (as indicated) may be altered by mutual consent of the competing institutions. Others (as indicated) are unalterable. No conduct rule may be changed by mutual consent. All NCAA member institutions are required to conduct their intercollegiate contests according to these rules.

In the Men's and Women's Basketball Rules, the administrative rules that may be altered by mutual consent of the competing institutions are **Rule 1, Sections 2, 3, 20 and 3-5.10**. The administrative rules that may not be altered are **Rule 1, Sections 4 through 7, 15, 16 and 18; Rule 2, Section 1**; and the free-throw lane diagram. All of the other rules are conduct rules and may not be altered.

The rules are divided into articles for ease of reference. Equipment/apparel rules that are of concern primarily to manufacturers are contained in the rules supplements that follow this section. All court measurements are included on the expanded court diagram.

Those desiring interpretations of rules or play situations are asked to send questions via email.

Rules Supplements

Court and Equipment

1. **Playing Area.** When possible, building plans should provide for a playing court with ideal measurements as stated in Rule 1-2 and listed on the court diagram, ample out-of-bounds area and needed seating space for scorers, timers and fans. A long playing court permits use of two crosswise courts for practice and informal games.

It is recommended that padding that meets current ASTM standards be used on walls and other facility features in or around the playing area that a student-athlete might contact during play. Padding should be installed no more than 4 inches from the floor up to 6 feet.

2. **Ceiling.** The ceiling and anything hanging from it (other than the basket) should be at least 25 feet above the playing court and higher if possible.
3. **Boundaries.** The committees recommend that a belt 8 inches or more in width be used to mark the boundaries on all courts that have at least 10 feet of open space between the boundary lines and the seating. This plan is urged for all new construction and for other similar courts when the boundaries are re-marked.
4. **Lighting.** The court should be uniformly and adequately lighted. Lighting engineers should be placed in charge of this important factor when planning any new installations. For information on recommended specifications for lighting, contact the Illuminating Engineering Society of North America, 120 Wall Street, 17th Floor, New York, New York 10005; telephone 212/248-5000.
5. **Warning on misuse of portable backstops.** Manufacturers and administrators should be aware of an “extreme-caution” warning relative to the misuse of portable backstops. A high degree of injury potential and a severe liability problem exists when anyone is allowed to hang, sit or stand on the basket ring or backboard. Administrators must see that this practice is prohibited or that the portable units are lowered at the completion of the game because of the high risk of severe injury, even death. A recommended warning or inscription such as “Danger—please do not get on the rim/backboard” is desirable.
6. **Locking Backboard.** It is recommended that a locking device/safety arrester be used for ceiling and wall-mount backboard systems that are retracted by motor-pulley cable arrangements.
7. **Backboard Padding.** It is recommended that the required padding for the backboard be mounted on the backboard by adhesive or material such as Velcro or channel. The bottom and each side of the backboards shall be padded with a Poly High-Car vinyl-type material that meets the Bashor resilience test with a range of 20-30.

A lavalier-type microphone properly positioned in the crease of the backboard padding or between padding and backboard is permitted since it

is not located on the padding and does not interfere with a live ball or create a safety hazard.

8. **Ring.** The design of the ring and its construction should be such as to maximize player safety. A movable basket ring shall have rebound characteristics identical to those of a nonmovable ring. The pressure-release mechanism should maximize these characteristics, as well as protect both the ring and backboard. Movable rings are required.
9. **Ring Testing.** It is *required* for Division I and *recommended* for Divisions II and III that all competitive rings for men be tested for rebound/elasticity once before the season and once before the postseason. It is *recommended* for **women** in all divisions that such testing be done three times during the season. It is recommended further *for both men and women in all divisions* that basket ring loads be transferred to the support system by a single strut boom behind the backboard, or to the backboard frame. The pressure-release/elasticity mechanism on movable rings may be field adjustable. When released, the ring shall not rotate more than 30 degrees below the original horizontal position. After release and with the load no longer applied, the ring shall return automatically and instantaneously to its original position.
10. **Marking the Court.** When marking a court, manufacturers should start at the center of the court rather than at either end.
11. **Timing Equipment.** Divisions I, II, and III schools shall have a game clock that shows a 10th-of-a-second display when less than 59.9 seconds remains in a period.

Division I, II, and III schools shall have either a red light placed behind each backboard that is visible through the 24-inch-by-18-inch rectangle or LED lights around the backboard. The purpose of either is to indicate when player activity is terminated. If LED lights are used, they shall be positioned no more than 6 inches from the upper and lower edges of the backboard and no more than 5 inches from the side of each backboard. When both lights are present, the LED lights shall take precedence and the red light shall be disconnected. It is recommended that the game clock, red light or LED lights be updated in their synchronization..

It is recommended that all men's Division I arenas provide a timing mechanism that enables the officials to start and stop the game clock automatically.

A pole attached to the shot clock that is used to mount a camera or a camera attached to the shot clock is permissible when the shot clock is recessed behind the backboard and does not interfere with a live ball nor does it affect the visibility of the shot clock.

Important Information for Manufacturers of New Equipment/Apparel

The NCAA Men's and Women's Basketball Rules Committees are responsible for formulating the official playing rules for the sport. The committees are not responsible for testing or approving playing equipment for use in intercollegiate men's and women's basketball.

Equipment manufacturers have undertaken the responsibility for the development of playing equipment that meets the specifications established from time to time by the committees. The NCAA urges manufacturers to work with the various independent testing agencies to maximize the safety of products. Neither the NCAA nor the NCAA Men's and Women's Basketball Rules Committees certify the safety of any basketball equipment. Only equipment that meets the dimensions specified in the NCAA Men's and Women's Basketball Rules shall be used in intercollegiate competition. Similarly, only uniforms that meet the rules specifications shall be used.

While the committees do not regulate the development of new equipment and do not set technical or scientific standards for testing equipment or the approval or disapproval of specific playing equipment, the committees may, from time to time, provide manufacturers with informal guidelines as to the equipment-performance levels they consider consistent with the integrity of the game. The committees reserve the right to intercede in order to protect and maintain that integrity.

The NCAA Men's and Women's Basketball Rules Committees suggest that manufacturers planning innovative changes in basketball equipment submit the equipment to the NCAA Men's and Women's Basketball Rules Committees for review before production.

3-Foot Restricted Area Arc

Baseline

INSTRUCTIONS

1. To place the arc on the floor, mark a spot on the floor directly under the center of the basket.
2. Using a measuring device, create a semicircle that extends three feet from the center of the basket.
3. Measure several points from the center of the basket, including two points along a plane parallel to the backboard.
4. The restricted area arc shall be drawn as a two-inch line with the outer edge of the line measuring three feet from the center of the basket.
5. At the diameter points of the semicircle (the plane parallel to the backboard), the line straightens, similar to the three-point line.
6. The arc's straight lines shall end at the front edge of the backboard.
7. The line must be clear and discernable from the surrounding area. It is recommended that the line be the same color as the lane lines or end lines.

RULE 1

Court and Equipment

Section 1. The Game

Art. 1. Basketball is played by two teams of five players each. The objective is for each team to throw or tap the ball into its own basket and to prevent the other team from scoring.

Art. 2. The ball may be thrown, batted, rolled or dribbled in any direction, subject to the restrictions that follow.

Section 2. The Playing Court—Dimensions

Art. 1. The playing court shall be a rectangular surface free from obstructions with sidelines of 94 feet in length and end lines of 50 feet in length, measured from the inside edges.

Art. 2. The court dimensions shall be marked as shown on the court diagram.

Section 3. Lines and Other Markings

Art. 1. The court shall be marked with boundary lines (sidelines and end lines) and other lines and markings as shown on the court diagram. All lines must be clearly discernable and distinguishable.

Art. 2. Instead of the 2-inch boundaries listed on the diagram, it is legal to use contrasting-colored floor areas by painting the out-of-bounds area, the center circle, and the free-throw lanes and lines so that the mathematical line between the two colors is the boundary. Such a contrasting-colored out-of-bounds belt should be at least 8 inches wide.

Art. 3. The restraining line shall be a solid, interrupted or mathematical line formed between two colors. The line may be a color that is either the same or different from that of the end lines. When space is not available for a 6 foot restraining line, the line should be marked using the maximum available distance. Nonplaying personnel shall not be permitted in this area.

Art. 4. A shadow line is a line that designates the required 2-inch width by use of border or outline lines at least 1/4-inch wide, which shall lie within the 2-inch width. All shadow lines must be clearly discernable and distinguishable.

Art. 5. When the floor has a logo on the playing court, that logo should not distract from the players' and the officials' visibility of the division line or center-circle line.

Art. 6. One of the following shall be placed on the floor in front of the official scorers' spot at the scorers' table at division line:

- a. An "X" composed of 12-inch line segments that are 2 inches in width.
- b. An NCAA logo that is a minimum of approximately 8 inches in diameter.
- c. An NCAA Basketball logo that is a rectangle approximately 1½ feet by 2½ feet.

Section 4. Center Circle

Art. 1. When a logo distracts from the players' and the officials' visibility of the 2-inch center-circle line as shown on the court diagram, the following shall be permissible:

- a. Solid 2-inch wide interrupted line: 4 inches long, 2-inch break; 4 inches long, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).
- c. Two-inch wide interrupted shadow line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- d. One-quarter-inch, single-bordered line (radius of 6 feet to the outside edge).
- e. Mathematical line formed by contrasting-colored floor areas.

Art. 2. The unmarked spaces for the non-jumpers around the center circle shall be 36 inches deep.

Section 5. Division Line

Art. 1. The division line shall divide the playing court into two equal parts and shall be formed by extending the center-circle diameter in both directions until it intersects the sidelines.

Art. 2. Instead of the solid 2-inch line as shown on the court diagram, the following shall be permissible:

- a. A solid 2-inch wide interrupted line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).
- c. Interrupted 2-inch wide shadow line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.

Section 6. Free-Throw Lane

Art. 1. All lines designating the free-throw lane, except lane-space marks and blocks, are part of the lane.

Art. 2. The color of the lane-space marks and blocks may contrast or be of the same color as the color of the lane boundary lines.

Art. 3. It is highly recommended that the area of the free-throw lane inside the boundary lines be one color. It is permissible for this area to be more than one color as long as all required lines in and around the lane are clearly discernable and distinguishable.

Art. 4. The lane-space marks and blocks shall identify areas that extend 36 inches from the outer edge of the lane lines toward the sidelines.

Section 7. Three-Point Field-Goal Line

Art. 1. From the center of the basket to the outside edge of the three-point field-goal line, the line shall be a distance of 20 feet, 9 inches.

Art. 2. The three-point field-goal line shall be a single-colored solid 2-inch line. The lines may be the same color as or a different color from the free-throw lane boundary lines and the semicircles. When a 20-foot-9-inch line and a 19-foot-9-inch line both exist, the two lines shall contrast in color and there shall be no form of embellishment or belt between the lines.

Section 8. Restricted Area Arc.

The restricted area arc is a solid single-colored 2-inch line formed by a semicircle measured from the center of the basket to the outside edge with a radius of 3-feet and extending in a straight line to the front face of the backboard. This arc must be clearly discernable and distinguishable.

Art. 2. Use the shot clock for the entire game, including extra periods, except when there is less time remaining on the game clock than on the shot clock, in which case the shot clock shall be turned off.

Art. 3. Control a separate timing device with a horn that shall have a sound that is distinct and different from that of the game-clock horn.

Art. 4. Have an alternate timing device available.

Art. 5. Start the timing device when a player inbounds legally touches or is touched by the ball on a throw-in or when a team initially gains possession from a jump ball, an unsuccessful try for goal or when possession of a loose ball is gained after a jump ball or unsuccessful try for goal.

Art. 6. Stop the timing device and reset it:

- a. When team control is re-established after the team loses possession of the ball;

Note: The mere touching of the ball by an opponent does not start a new shot-clock period when the same team remains in control of the ball.

- b. When any of the following occur:

1. A single personal foul;
2. A single technical foul assessed to the defensive team;

- c. When a held ball occurs (*Exceptions: Rules 2-11.7.e, 2-11.7.i and 2-11.7.j*);
- d. When a try for goal strikes the ring or flange and then possession is gained by either team;
- e. When a violation occurs;
- f. When an intentionally kicked or fisted ball occurs with 14 seconds or less remaining, set to 15 seconds;
- g. When an inadvertent whistle occurs and there was no player or team control at the time of the whistle.

Art. 7. Stop the timing device and continue time without a reset when play begins under the following circumstances:

- a. The ball is deflected out of bounds by a defensive player;
- b. When an intentionally kicked or fisted ball occurs with 15 seconds or more remaining;
- c. A player is injured or loses a contact lens;
- d. A charged timeout has concluded;
- e. During team control as defined in Rule 4-15, a defensive player causes a held ball and the alternating-possession arrow favors the offensive team;
- f. After any double personal or technical fouls or simultaneous personal or technical fouls when there is team control as defined in Rule 4-15 unless the penalty for the foul results in a change of possession;

- g. After an inadvertent whistle when there is team control as defined in Rule 4-15;
- h. After any technical foul(s) is assessed to the team in control of the ball, or to the team entitled to the ball before it is at the disposal of the thrower-in, or to bench personnel or followers of that team, when these conditions exist;
- i. After a simultaneous held ball as described in Rule 4-37 occurs during a throw-in or after an unsuccessful try that does not contact the ring or flange and the alternating-possession arrow favors the throw-in team; and
- j. After the ball goes out of bounds and was last touched simultaneously by two opponents, both of whom are either inbounds or out of bounds or when there is doubt as to who last touched the ball.

Note: The offensive team, upon regaining possession of the ball for the throw-in, shall have the unexpired time on the shot clock to attempt a try.

Art. 8. Stop the timing device and set the shot clock to 15 seconds when an intentionally kicked or fisted ball occurs during a throw-in with 14 seconds or less remaining. When an intentionally kicked or fisted ball occurs during a throw-in with 15 seconds or more remaining, the shot clock shall not be reset.

Art. 9. Sound the shot-clock horn at the expiration of the shot-clock period. This shot-clock horn shall not stop play unless recognized by an official's whistle. When the shot clock indicates zeros but the shot-clock horn has not sounded, the shot-clock time has not expired.

Art. 10. Turn off the shot clock when a reset situation occurs and the game clock shows less time than that of a shot-clock period.

Art. 11. Allow the timing device to continue during a loose-ball situation when the offense retains possession or when a field-goal try is attempted at the wrong basket.

Art. 12. Allow the game officials to make the final decision when there is doubt as to whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange.

Section 12. Correctable Errors

Art. 1. The correctable errors are as follows:

- a. Failing to award a merited free throw.
- b. Awarding an unmerited free throw.
- c. Permitting a wrong player to attempt a free throw.
- d. Permitting a player to attempt a free throw at the wrong basket.
- e. Erroneously counting or canceling a score.

Note: In order for this to be a correctable error, the official must have erred in counting or canceling a successful try for goal according to a rule (i.e., after basket interference or goaltending, incorrectly counting or failing to cancel a score or counting a three-point goal instead of a two-point goal). A correctable error does not involve an error in judgment.

Art. 2. When the officials' error as in Rule 2-12.1.a through .d is made while the game clock is stopped, such errors must be recognized and corrected by an official during the first dead ball after the game clock has been started properly.

Art. 3. When the officials' error as in Rule 2-12.1.e is made while the game clock is running and the ball becomes dead after a successful goal, it must be recognized and corrected by an official before the second live ball.

Art. 4. When the error is a free throw by the wrong player, a free throw attempted at the wrong basket or the awarding of an unmerited free throw, the free throw and the activity during it, other than any flagrant or technical foul, shall be canceled.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 5. When an error is corrected, play shall be resumed from the point of interruption to correct the error, unless the correction involves the failure to award a merited free throw(s) and there has been no change of team possession since the error was made. In that case, play shall resume as after any normal free throw.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 6. An appeal for a correctable error may be made by a head coach, table official (includes an approved standby official) or game official. This appeal must be honored and reviewed by an official.

Section 13. Games with Replay/Television Equipment

Art. 1. Courtside replay equipment, videotape or television monitoring must be located on a designated courtside table (i.e., within approximately 3 to 12 feet of the playing court), in order to be used by game officials. An on-screen game clock display on the monitor may be used only when the display is synchronized with the official game clock..

Art 2. Officials may use such available equipment only in the following situations:

- a. Free Throws.
 1. Determine who shall attempt a free throw(s) when there is uncertainty.
 2. Determine whether a player who was fouled on his or her unsuccessful field-goal try, at or near the three-point line, shall attempt either two or three free throws.
 3. Determine whether the wrong player was permitted to attempt a free throw as per 2-12.1.c.
 4. Determine whether a player was permitted to attempt a free throw at the wrong basket as per 2-12.1.d.
- b. Scoring.
 1. Determine whether a try for goal was a two- or three-point attempt. (Review must occur within the time frame in 2-12.3)
 2. Prevent or rectify a scoring mistake by the scorer.
 3. Determine whether a score was erroneously counted or canceled as per 2-12.1.e.
- c. Timing.
 1. Determine whether the game clock malfunctioned or whether a timing mistake occurred in starting or stopping the game clock. :
 - a. After the malfunction or mistake, such a mistake shall be corrected:

1. During the first dead ball and before the ball is touched inbounds or out of bounds by a player other than a thrower-in.
 2. When the clock should have been continuously running, the mistake shall be corrected before the second live ball is touched inbounds or out of bounds by a player other than a thrower-in.
 - b. No timing mistake correction shall be carried over from one half or extra period to another. Such a mistake shall be corrected before the start of intermission.
 - c. Determine the correct time to be placed back on the game clock when the referee blows the whistle, signals for the game clock to be stopped, and in his/her judgment time has elapsed before the game clock stopped
 2. Determine whether the shot clock malfunctioned or a timing mistake occurred in failing to properly start, stop, set or reset the shot clock. The malfunction or mistake may only be corrected in the shot clock period in which it occurred. Any activity after the mistake or malfunction has been committed and until it has been rectified shall be canceled, excluding a flagrant 1 or 2 personal foul or any technical foul.
- d. Fouls.
1. Determine if a flagrant 2 personal foul, flagrant 2 contact technical foul or **(women)** flagrant 1 personal foul for illegal contact with an elbow above the shoulders of an opponent or a **(women)** contact dead ball technical foul for illegal contact with an elbow above the shoulders of an opponent occurred. When it is determined that a flagrant 2 contact technical foul did not occur but a flagrant 1 personal foul, or contact dead ball technical foul did occur, those fouls shall be penalized accordingly. However, no other infractions may be penalized.
 - a. When there is a foul called for contact, the officials, with a plausible reason, may review the severity of that foul during the dead ball period following the call. When the ball becomes live, there shall be no review of the made call.
 - b. A coach may request a monitor review to determine if any of the fouls in 2-13.2.d.1 occurred. When no such foul is assessed, a timeout shall be charged to that team.
 2. When officials err and fail to observe the fouls according to 2-13.2.d.1 or a fight, they are permitted to correct and penalize these infraction(s), with the use of a monitor review, when the act occurs:
 - a. When the game clock was stopped, it must be corrected:
 1. During the first dead ball after the clock was properly started.
 - b. When the game clock was running, it must be corrected:
 1. During the first dead ball after the clock was properly stopped; or
 2. Before the second live ball when the ball became dead after a successful goal but the clock continued to run.
 3. When it is determined that a flagrant 1 or 2 personal foul, a flagrant 2 contact technical foul or a fight did occur within the prescribed time

frame, the infraction(s) should be penalized and play shall be resumed by awarding the ball to the offended team where the stoppage of play occurred to review the flagrant act. **(Men)** When a flagrant 2 contact technical foul or a contact dead ball technical foul is assessed, play shall be resumed by awarding the ball to the offended team at the division line on either side of the playing court. Any previous activity before the monitor review shall not be canceled or nullified. When it is determined that a flagrant 1 or 2 personal foul, a flagrant 2 contact technical foul or a fight did not occur or did not occur within the prescribed time frame, play shall be resumed where the stoppage of play occurred to review the act.

Art. 3. Officials shall use such available equipment in the following situations:

- a. When there is a reading of zeros on the game clock at the end of any period, after making a call on the playing court, and when necessary to determine the outcome of the game in the following situations:
 1. Determine whether a try for field goal entering the basket was released before the reading of zeros on the game clock. When it is determined that the try for goal was successful, the official is permitted to put the exact time back on the game clock as to when the ball passed through the net.
 2. Determine whether a shot-clock violation occurred before the reading of zeros on the game clock.
 3. Determine whether a foul occurred before the reading of zeros on the game clock. When it is determined that the foul occurred before the reading of zeros on the game clock, the official is permitted to put the exact time back on the game clock as to when the foul was committed.
- b. To determine whether a fight occurred and the individuals who participated or left the bench area.

Art. 4. In games with a 10th-of-a-second game clock display and where an official courtside monitor is used, the reading of zeros on the game clock is to be used to determine whether a try for goal, a shot-clock violation or a foul occurred before or after the expiration of time in any period. When the game clock is not visible, the officials shall verify the original call with the use of the red/LED light(s). When the red/LED light(s) are not visible, the sounding of the game-clock horn shall be utilized. When definitive information is unattainable with the use of the monitor, the original call stands.

Art. 5. The officials shall not use such available equipment for judgment calls such as:

- a. Determine who committed a foul or whether a foul occurred. (*Exceptions: A flagrant 2 foul and (women) A flagrant 1 personal foul for contact with an opponent above the shoulders of an opponent or a contact dead ball technical foul for illegal contact above the shoulders of an opponent.*)
- b. Determine whether basket interference or goaltending occurred.
- c. Determine whether a violation occurred except in 2-13.3.a.2.
- d. Determine whether the ball was released before the sounding of the shot-clock horn, except as in 2-13.3.a.2.

Art. 2. Each team may continue to play with fewer than five players when all other squad members are not eligible or able to play.

Art. 3. When there is only one player participating for a team, that team shall forfeit unless the referee believes that both teams have an opportunity to win.

Section 2. The Captain

Art. 1. The captain is a team member who may address an official on matters of interpretation or to obtain essential information, when it is done in a courteous manner. Dialogue between coaches and officials should be kept to a minimum.

Art. 2. Any player may address an official to request a timeout or permission to leave the playing court.

Section 3. Lineup

Art. 2. After the 10-minute mark is reached on the game clock that is counting down the time before the start of the game and until the end of the game, a team shall not make changes to the scorebook. The only changes permitted are those necessitated by obvious injury, illness, blood on the uniform, a replacement of a designated starter to shoot a technical-foul free throw, or to correct a scoring or bookkeeping mistake.

Section 4. Substitutions

Art. 1. Procedural Requirements

- a. Each substitute who desires to enter the game shall give the scorers his or her uniform number.
- b. Any substitute shall remain outside the boundary line until beckoned by an official, whereupon the substitute shall enter immediately. When the ball is about to become live, the beckoning signal should be withheld.
- c. A substitute becomes a player when he/she legally enters the playing court. When the entry is not legal, the substitute becomes a player when the ball becomes live.

- d. An entering player shall not replace a designated jumper.
- e. Substitutions between periods shall be reported to the official scorer by the substitute(s) or a team representative before the signal that ends the intermission rather than before the warning horn. When the substitute(s) has not reported before the final horn to end the intermission, then the five players from the previous period shall begin the next period.
- f. When entry is at any time other than between halves, and a substitute who is entitled and ready to enter reports to the scorers, the timers shall sound the game-clock horn when the ball is dead and time is stopped. (*Exception: Rule 3-4.1.h*).
- g. Substitutions during a timeout must report to or be in position to report to the official scorer before the warning horn. Substitutions shall not be permitted after the warning horn. (*Exception: Rule 3-4.3.e*).
- h. Substitutions shall not be permitted when the game clock has been stopped after successful field goals in the last 59.9 seconds of the second half or any extra period and before the clock has been properly started except for the following:
 - 1. Those substitutions permitted by rule including, but not limited to, injury, blood, violation, foul, disqualification, timeout, or for a lost, displaced or irritated contact lens or displaced eyeglasses.
 - 2. There shall be no substitutions during the dead ball period when the clock is stopped for the made basket to correct a timing mistake or for an inadvertent whistle.
- i. A player who has been withdrawn or replaced by a substitute may re-enter the game at the next opportunity to substitute, provided that the game clock has been properly started after the withdrawal or replacement.
- j. A player who legally enters the game during a dead ball may leave the game during that same dead-ball period without penalty.
- k. When three or more substitutes for the same team enter the game, an official may honor a request by the captain of the opposing team to aid it in locating the entering players.

Art. 2. Free Throws.

- a. An entering player shall not replace a free-thrower. When the substitute desires to replace a player who is to attempt a free throw, the substitute shall remain at the scorers' table until the next opportunity to enter the game.
- b. During multiple free throws for personal fouls, a substitute may enter the game only before the final attempt in the sequence unless otherwise authorized by the rules or after the final attempt has been successfully converted.
 - 1. Substitutions during a timeout but before the warning horn are permissible before the first free-throw attempt.
- c. During free throws for a technical foul, only substitutes allowed by rule shall be permitted to enter the game before the final attempt. All other substitutes shall be permitted to enter the game only after the final attempt. (See Rule 3-4.2.d.)

- d. When a player is required to be replaced, such as for disqualification, injury or blood, a lost, irritated or displaced contact:
 1. Before the administering of multiple free throws, all substitutes, who had legally reported to the official scorer before the player who had to be replaced, may enter the game; or
 2. When no free throws are awarded, all substitutes, who had legally reported to the official scorer before the player who had to be replaced, may enter the game.

Art. 3. Required Substitutions

- a. A bleeding player or (**women**) a player who has a lost, displaced or irritated contact lens is required to be substituted for if the issue cannot be resolved within 20 seconds. However, a timeout may be requested and granted when this player desires to remain in the game. When the condition is remedied within the granted timeout, the player is permitted to remain in the game.
- b. A player with blood on his or her uniform shall have the uniform evaluated by medical personnel. When medical personnel determine that the blood has not saturated the uniform, the player may immediately resume play without leaving the game. When medical personnel determine that the blood has saturated the uniform, the affected part of the uniform shall be changed before the player is permitted to return.
- c. When a player is required to be replaced, such as for disqualification, injury or blood, a lost, irritated or displaced contact, all substitutes who had legally reported to the official scorer before the player who had to be replaced, may enter the game.
- d. An immediate substitute shall be required when the coach or any other bench personnel is beckoned and/or comes onto the playing court to attend a player(s) who has been injured unless a timeout is requested by and granted to his or her team in that dead ball period.
- e. An immediate substitute shall be required when a timeout has been granted for a player who is injured or bleeding, has a blood-saturated uniform, (women) a lost, irritated or displaced contact lens and that player is not ready to resume play after the final horn that indicates the expiration of the timeout. The opponents shall be permitted to counter with a substitution.
- f. (Men) When an injured player is unable to attempt his free throw try(s), the coach from the opposing team shall select one of the four remaining players on the playing court to attempt the free throw try(s). Art. 2. An airborne shooter is a player who has released the ball on a try for goal until that player has returned to the floor.

Section 2. Alternating-Possession Procedure

Art. 1. The alternating-possession procedure is a method of putting the ball in play with a throw-in rather than a jump ball. (See Rule 6-3.)

Art. 2. The alternating-possession procedure starts when an official places the ball at the disposal of a player for a throw-in. The alternating-possession procedure ends and the arrow is reversed when a passed ball touches or is legally touched by an inbounds player, when a player, who is located on the playing court, touches and causes the ball to be out of bounds or when the throw-in team commits a throw-in violation.

Art. 3. The team awarded the ball for the alternating-possession throw-in shall be indicated by the alternating-possession arrow.

Art. 4. A pass in the front court that is deflected by a defensive player so that the ball goes into the back court may be recovered by either team.

Art. 5. Regardless of where the throw-in spot is located, the throw-in team may cause the ball to go into the back court.

Art. 6. After the throw-in ends, an inbounds player in the front court, who is not in control of the ball, may cause the ball to go into the back court.

These distances shall apply only when a player, (men) in the front court, is holding the ball or dribbling or (women) is holding the ball anywhere on the playing court.

Art. 3. Every player shall be entitled to a spot on the playing court, provided that such player gets there first without illegally contacting an opponent. (*Exception: Rule 4-35.7*)

- f. Is not required to have the feet on the playing court when shifting in the path of the dribbler or when moving laterally or obliquely; and
- g. May turn or duck to absorb shock when contact by the dribbler is imminent. In such a case, the dribbler shall not be absolved from the responsibility of contact.

Art. 7. A secondary defender cannot establish initial legal guarding position in the Restricted Area for the purposes of drawing a player control foul/charge on a player who is in control of the ball (i.e., dribbling or shooting) or who has released the ball for a pass or try for goal. When illegal contact occurs within this Restricted Area, such contact shall be called a blocking foul, unless the contact is flagrant. (*Exception: When the offensive player leads with a foot or unnatural extended knee or wards off with the arm.*)

This restriction shall not prohibit a defender, located within the restricted area, from attempting to block a shot.

Section 36. Hands and Arms, Use of

Art. 3. When the official(s) permits a team to go in the wrong direction, and when the error is discovered, all activity and time consumed shall count as though each team had gone in the proper direction. Play shall be resumed with each team going in the proper direction.

Art. 4. Whether the game clock is running shall have no bearing on the counting of a goal.

Art. 5. When an obvious mistake by the shot-clock operator has occurred in failing to start, stop, set or reset the shot clock or when a shot clock has malfunctioned, the mistake or the malfunctioning problem may be corrected in the shot-clock period in which it occurred only when the official has definite information relative to the mistake or malfunctioning problem and the time involved. Any activity, after the mistake or malfunctioning problem has been committed and until it has been rectified, shall be canceled, excluding any flagrant foul or technical foul.

- d. Taunting or baiting an opponent.
- e. Objecting to an official's decision by rising from the bench or using gestures.
- f. Inciting undesirable crowd reactions.
- g. Entering the playing court to attend an injured player unless done with the permission of an official.
- h. Using tobacco.
- i. Refusing to occupy the team bench to which the team was assigned or to occupy the location for a timeout or before any extra period as described in Rule 4-7.2.

Art. 2. Using electronic transmission (including but not limited to headsets, telephones, television, radio, audio or video Internet broadcast, heart monitor devices, computers), or knowledge gained resulting from thereof, for coaching purposes, to communicate to and/or from the bench area or using replay equipment at courtside for coaching purposes.

Art. 3. When there is evidence that the head coach or bench personnel instructed that the scorebook be removed from the scorer's table.

Art. 4. All bench personnel shall remain seated on the bench while the ball is live, except as follows:

- a. The head coach may stand and shall remain in his or her team's coaching box.
- b. To spontaneously react to an outstanding play, immediately sitting down on the bench afterward.
- c. A team member reporting to the scorers' table.
- d. A head coach may leave the bench area at any time to point out a scoring or timing mistake, to request a timeout to ascertain whether a correctable error needs to be rectified or to request a monitor review of a flagrant 1 personal foul for illegal contact with an elbow above the shoulders of an opponent, a contact dead ball technical foul for illegal contact with an elbow above the shoulders of an opponent, or a flagrant 2 contact technical foul (Rule 2-12, 2-13.2.d.1.b., and 5-10.5).
- e. A coach or team attendant may leave the bench area to seek information from the official scorer or official timer during a timeout or an intermission.

Art. 5. The head coach shall replace a disqualified or injured player within 20 seconds when a substitute is available.

Art. 6. Using a laser pointer.

Art. 7. Delaying the game by preventing the ball from being promptly made live or by preventing continuous play, such as bench personnel entering the playing court before player activity has been terminated. When the delay does not interfere with play, it shall be ignored.

PENALTY: (Arts. 1 through 7) Two free throws shall be awarded to the offended team unless double fouls are assessed. For double fouls, no free throws are awarded. In either case, the ball shall be put back into play at the point of interruption. These bench technical fouls shall count toward an individual's five personal fouls for disqualification (if a team member), two technical fouls for ejection and the team-foul total. The foul is charged to the offender (if not the head coach) and also charged indirectly to the head coach. If the head coach is the offender, the foul is charged directly to him/her.

(Arts. 1, 4 and 7) When there is more than one offender (excluding the head coach) or a single offender who cannot be identified, one bench technical foul shall be assessed regardless of the number of offenders. This technical foul is also charged indirectly to the head coach.

Note: An assistant coach who replaces the ejected head coach shall not inherit any technical fouls the head coach has accumulated. However, the assistant coach shall be responsible for technical fouls previously assessed to him/her.

Art. 8. Bench personnel leaving the bench area when a fight may break out or has broken out. The head coach may leave the bench area in this case to prevent the situation from escalating.

PENALTY: (Art. 8) **Flagrant 2 technical fouls.** Two free throws shall be awarded to any player on the offended team, unless double fouls are assessed. For double flagrant fouls, no free throws are awarded. For any flagrant 2 technical foul, the ball shall be awarded to the offended team at the point of interruption.

When anyone other than the head coach leaves the bench and enters the playing court but does not participate in the fight, only one technical foul shall be assessed regardless of the number of offenders. This one foul is charged indirectly to the head coach. For any single flagrant 2 technical foul, the ball shall be awarded to the offended team at the point of interruption. When a single flagrant 2 technical foul occurs during intermission for the second or extra period, play shall resume with a throw-in to the offended team on either side of midcourt. This flagrant 2 technical foul applies toward the team-foul total, and the offender(s) shall be ejected but not subjected to suspension.

Art. 9. Fighting by bench personnel as in Rule 4-26.

PENALTY: (Art. 9) Two free throws shall be awarded to any player on the offended team, unless double fouls are assessed. For double flagrant fouls, no free throws are awarded. For any flagrant 2 technical foul, the ball shall be awarded to the offended team at the point of interruption. When a single flagrant 2 technical foul occurs during intermission for the second or extra period, play shall resume with a throw-in to the offended team on

either side of midcourt. These flagrant 2 technical fouls apply toward the team-foul total and the offender(s) is ejected. Any bench personnel who actively participates in a fight shall be ejected and subject to suspension. (See Rule 10-7.) The head coach shall be assessed one indirect technical foul for each member of bench personnel who participates in a fight.

EJECTION: (Section 4): A single flagrant 2 technical foul, the second direct technical foul, the third indirect technical or a combination of one direct technical and two indirect technicals charged to the head coach results in ejection. A single flagrant 2 technical foul or a second technical foul charged to a member of bench personnel results in that individual's ejection.

Section 5. (Men) CLASS A Unsporting Technical Infractions

Art. 1. A player or substitute committing an unsportsmanlike act including, but not limited to, the following:

- a. Disrespectfully addressing or contacting an official or gesturing in such a manner as to indicate resentment.

- c. Inciting undesirable crowd reaction.
- d. Contacting an opponent, while the ball is dead, in an unnecessary, unacceptable and excessive manner.
- e. Flagrantly (severe or extreme) contacting an opponent while the ball is dead.
- f. A flagrant noncontact infraction that involves extreme, sometimes persistent, vulgar, abusive conduct when the ball is dead or live.
- g. Participating after having been disqualified (noncontact flagrant 2 technical).
- h. Leaving the playing court and going into the stands when a fight may break out or has broken out (flagrant noncontact infraction).
- i. Fighting as in Rule 4-26.

PENALTY: Two free throws shall be awarded to any member of the offended team. No free throws shall be awarded for a double technical foul unless one of the fouls is included in Art. 1.d, through .i. Counts toward the team-foul total. Applies toward disqualification and ejection (Art. 1.a through d). Flagrant technical foul(s) (Art. 1.e through i) are nonapplicable toward disqualification since they lead to automatic ejection. An assessed technical foul that cannot be charged to an individual shall be charged to the head coach (ex. Art. 1.g).

RESUMPTION OF PLAY: For any technical foul(s), play shall resume at the point of interruption except for a single flagrant 2 technical foul or a single contact dead ball technical foul (Art. 1.d through .i). For a single flagrant 2 technical foul or a single contact dead ball technical foul, the ball shall be awarded to the

offended team at a designated spot at the division line on either side of the playing court.

EJECTION: All CLASS A technical fouls shall apply toward ejection when the following have been assessed: a maximum of two CLASS A technical fouls (AA) as defined in Art. 1.a through d, one flagrant 2 technical foul (A) or a combination of one CLASS A technical foul and two CLASS B technical fouls (ABB).

Any individual who actively participates in a fight (Art. 1.i) shall be ejected and is subject to suspension (See Rule 10-7).

Art. 2. Bench personnel committing an unsportsmanlike act including, but not limited to, the following:

- a. Disrespectfully addressing an official.
- b. Attempting to influence an official's decision.
- c. Using profanity or language that is abusive, vulgar or obscene.
- d. Taunting or baiting an opponent.
- e. Objecting to an official's decision by rising from the bench or using gestures.
- f. Inciting undesirable crowd reactions.
- g. Fighting by bench personnel as in Rule 4-26.

PENALTY: Two free throws shall be awarded to the offended team. No free throws shall be awarded for double technical fouls unless one of the technical fouls includes Art. 2.g. Counts toward the team-foul total. Applies toward disqualification and ejection except for Art. 2.g, which is nonapplicable toward disqualification since it leads to automatic ejection.

Since the head coach is responsible for the conduct and behavior of all bench personnel, when a CLASS A technical foul (Art.2.a through g) is assessed to an offender, it shall also be charged to the head coach as a CLASS B technical foul.

RESUMPTION OF PLAY: For any technical foul(s), play shall resume at the point of interruption. For a single flagrant 2 technical foul (fighting, Art. 2.g), the ball shall be awarded to the offended team at a designated spot at the division line on either side of the playing court.

EJECTION: All CLASS A technical fouls shall apply toward ejection when the following have been assessed: a maximum of two CLASS A technical fouls (AA) as defined in Art. 2.a through f, one flagrant 2 technical foul (A), or a combination of one CLASS A technical foul and two CLASS B technical fouls (ABB).

Any individual who actively participates in a fight (Art. 2.g) shall be ejected and shall be subject to suspension. (See Rule 10-7.)

***Note:** An assistant coach who replaces the ejected head coach shall not inherit any technical fouls the head coach has accumulated. However, the assistant coach shall be responsible for technical fouls previously charged to him.*

Section 6. (Men) CLASS B TECHNICAL INFRACTIONS

Art. 1. A technical foul shall be assessed to a player or a substitute for the following infractions:

- a. Purposely obstructing an opponent's vision by waving or placing hand(s) near his eyes.
- b. Climbing on or lifting a teammate to secure greater height.
- c. Knowingly attempting a free throw to which he is not entitled.
- d. Possessing or using tobacco.
- e. A team member dunking or attempting to dunk a dead ball before or during the game, or during any intermission.
- f. Grasping either basket in an excessive, emphatic manner during the officials' jurisdiction when the player is not, in the judgment of an official, trying to prevent an obvious injury to self or others.
- g. Intentionally slapping or striking the backboard or causing either the backboard or ring to vibrate while the ball is in flight during a try, or while the ball is touching the backboard, is on the basket ring, in the basket net or in the cylinder.
- h. Placing a hand(s) on the backboard or ring to gain an advantage.
- i. Touching a ball outside the cylinder (goaltending) during a free throw.

Art. 2. A technical foul shall be assessed to a coach and all bench personnel for the following infractions:

- a. Entering the playing court to attend an injured player unless done with permission of an official.
- b. Possessing or using tobacco.

- c. Refusing to occupy the team bench to which the team was assigned or to occupy the locations for a timeout or for the start of any period as defined in Rule 4-7.2.
- d. - e. When there is evidence that the head coach or bench personnel instructed that the scorebook be removed from the scorer's table.
- f. All bench personnel shall remain seated on the bench while the ball is live, except as follows:
 - 1. The head coach may stand but must remain completely and clearly in his coaching box. One warning shall be issued to the head coach before any subsequent infraction is penalized.

 - 3. A team member reporting to the scorer's table.
 - 4. The head coach to point out, at any time, a scoring or timing mistake or to request a timeout to ascertain whether a correctable error needs to be rectified or to request a monitor review for a flagrant 2 contact technical foul. (See Rules 2-12, 2-13.2.d.1.b and 5-10.5.)
 - 5. To seek information from the official scorer or official timer during a timeout or an intermission.
- g. The head coach shall replace a disqualified or injured player within 20 seconds when a substitute is available.

- i. Using a laser pointer.
- j. Bench personnel leaving the bench area when a fight may break out or has broken out. The head coach may leave the bench area in this case to prevent the situation from escalating.

PENALTY: Article 1 and Article 2.a through i. Two free throws shall be awarded to any member of the offended team. All infractions count toward ejection but do not count toward the team-foul total or disqualification.

The coach is responsible for the conduct of all bench personnel. When a CLASS B technical foul, as described in Article 2, is assessed against an offender, it shall also be charged to the head coach as a CLASS B technical foul.

RESUMPTION OF PLAY: Article 1 and Article 2. After the administration of the penalty, play shall resume at the point of interruption.

EJECTION: Article 1 and Article 2. CLASS B technical fouls apply toward ejection when the following have been assessed: a maximum of three CLASS B technical fouls (BBB) or a combination of one CLASS A and two CLASS B technical fouls (ABB).

Any individual who leaves the bench area and enters the playing court but does not participate in a fight (Art. 2.j) shall not be assessed a CLASS B technical foul (no free throws awarded). That individual shall be ejected but is not subject to suspension.

Note: An assistant coach who replaces the ejected head coach shall not inherit the accumulative technical fouls of the head coach. However, the assistant coach shall be responsible for technical fouls previously charged to him.

Section 7. Suspensions for Fighting

Art. 1. Any team member or bench personnel who participates in a fight (regardless of whether he or she is a player at the time) shall be assessed a flagrant 2 technical foul. No free throws shall be attempted by either team when there are double flagrant fouls that are offsetting.

Art. 2. The first time an individual participates in a fight during the season (including exhibition games), the individual shall be suspended from participating in the team's next regular-season game (not an exhibition contest), including tournament competition.

Art. 3. When an individual participates in a second fight during the same season, that individual shall be suspended for the remainder of the season, including tournament competition.

Art. 4. When an individual participates in a fight during his or her team's final game of the season, that individual shall be suspended from participating in the team's next regular-season game (not an exhibition contest) for which that member or team personnel would be eligible.

Art. 5. When an individual with eligibility for the next season participates in a fight during his or her final game of the season and that fight is the individual's second fight of the season, that individual shall be suspended for the first three regular-season games (not exhibitions) of the next season.

Art. 6. Any team member or other bench personnel under suspension for fighting shall not be in the team's bench area.

Art. 7. The referee may declare a forfeit when any individual fails to comply with any part of the penalties of this rule.

Art. 8. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but cannot change an official's ruling that a fight took place or lessen the severity of the penalty. The conference office or assigning authority may make those penalties more severe.

Appendix I

Fight-Reporting Procedures

The following apply to situations in which a fight has been reported by an official during his/her jurisdiction. When a fight is not reported by an official, the conference or assigning authority may invoke its own penalty. For the rules on suspensions for fighting see Rule 10-7.

1. The official shall inform the offender(s), the head coach and the official scorer that an ejection for fighting has occurred (the official scorer shall note this in the scorebook).
2. After the game, the referee shall contact the coordinator of officials/assignor for the game and report all ejection(s) for fighting.
3. The coordinator of officials/assignor shall report the ejection(s) for fighting to the conference commissioner or, if the offender is from an independent institution, to that team's athletics director.
4. The conference commissioner shall call and follow up in writing to the following people:
 - a. The athletics director of the team whose individual(s) was involved; and
 - b. When the opponent's individual(s) was ejected for fighting, that team's conference commissioner or, when that school is an independent institution, that team's athletics director.
5. Fight-reporting procedures should be handled quickly since the long-term participation of the offender(s) shall be affected by a second fight.
6. Related considerations:
 - a. The head coach should withhold the offender(s) from the next scheduled game even if the conference or athletics director has not contacted him or her.
 - b. Institutional and conference policy dictates whether a suspended individual shall be permitted to attend a game from which he or she is suspended. If the individual(s) attends the game, he or she shall not be in the team's bench area.
 - c. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but can neither change an official's ruling that a fight took place nor lessen the severity of the penalty. However, the conference office/assigning authority may make the penalty more severe.

Appendix II

NCAA Tobacco Policy

In accordance with NCAA bylaws, the use of tobacco by student-athletes, or team or game personnel (e.g., coaches, athletic trainers, managers and game officials) is prohibited in all sports during practice and competition.

Any student-athlete, or team or game personnel who uses tobacco during practice or competition shall be disqualified for the remainder of that practice or competition.

During regular-season play, each institution shall be responsible for enforcing this rule for its own student-athletes, team personnel and game personnel. During postseason play, which includes conference tournaments, play-ins and NCAA tournament games, the governing sports authority or the games committee shall enforce this rule.

Appendix III

Officiating Guidelines

Section 1. Bench Decorum

a. **Coaching box.** The rules committee wants the coaching box rule enforced and technical fouls called for infractions. Coaches are expected to remain in the coaching box. To do otherwise results in a distinct advantage that is not within the spirit and intent of the rules. Roaming coaches also negatively influence play by being out on the court. The rule is clear and concise. Some coaches blatantly disregard the coaching box and many officials refuse to enforce the rule. Head coaches have the responsibility to remain in the box and behave in a sportsmanlike manner. Institution and conference administrators must demand that their coaches adhere to the rules and must support officials who properly enforce the rules. The following guidelines have been established to assist in adjudicating this situation.

1. **Out of the coaching box.** The rules prohibit the head coach from being outside the prescribed coaching box. After a warning, a technical foul shall be assessed when a coach is clearly and completely outside his/her box.
2. **Unsportsmanlike conduct.** Coaches engaging in minor conduct infractions should receive a warning from officials. Any subsequent violation results in a technical foul. Any egregious (blatant) conduct violation, while inside or outside the coaching box shall be properly penalized without warning, with a technical foul.

b. **Assistant coaches and bench personnel.** All bench personnel, with the exception of the head coach, are required to be seated on the bench while the ball is live except to react spontaneously to an outstanding play and then to immediately return to sitting on the bench. Violations by players, and especially assistant coaches, should not be tolerated by officials. When assistant coaches or bench personnel are violating bench decorum rules in a minor way, the official shall inform the head coach and request that he/she handle the situation. This is an official warning. Any further violation by bench personnel shall result in a technical foul assessed to the offender. Egregious (blatant) conduct violations by assistant coaches or bench personnel need no warning and shall immediately result in a technical foul. A technical foul assessed to bench personnel is also assessed (**women**) indirectly and (**men**) as a CLASS B technical foul to the head coach.

Section 2. Screening

A screen is legal action by any player with or without the ball, which, without causing contact, delays or prevents an opponent from reaching a desired position. A screener must maintain a normal stance with feet no wider than shoulder width apart. If a player is engaged in illegal screening tactics and there is no contact with the opponent, no foul has occurred. Players must adhere to the screening rules outlined in Rule 4-60.

A foul shall be called when:

1. A defensive player is held or pushed off of his/her intended path around a screen by use of the arms, legs or body.
2. A defensive player holds or pushes through the screen using the arms, legs or body.
3. The screener extends the hips or buttocks to displace the defender who is attempting to move around the screen.
4. The screener extends the legs beyond legal width and trips a defender who is attempting to move around the screen.
5. The screener sets a “blind” screen (outside the visual field) on a stationary defender that doesn’t allow the defender a normal step to move.
6. The screener sets a “blind” screen (outside the visual field) on a moving defender and doesn’t allow ample time to stop or change directions; usually one to two strides.

Section 3. (Women) Displacement

The following guidelines have been established to help coaches, players and officials achieve a level of play that will allow freedom of movement for all players on the court and make the game a free-flowing, exciting game to watch. Officials must enforce these guidelines to ensure that freedom of movement is permitted in the game.

Post Play

- a. **Definition.** A post player is defined in Rule 4-54 as any offensive or defensive player in the lane area with or without the ball with her back to the basket. The lane area includes the three-second lane (See Rule 4-69) and approximately three feet just outside the lane. An offensive post player becomes a ball handler when, while in the lane area, she turns and faces the basket with the ball or moves completely outside the lane area with the ball.
- b. **Legal activity.** It is legal for a defensive player to place one or two body parts (hands or arm-bars) on the offensive post player provided no holding, displacing or illegal contact occurs. Legal contact occurs when offensive and defensive players are touching and both are maintaining a legally established position. However, when any legal contact occurs between post players to maintain a position, an official’s awareness should be heightened and he/she should be prepared to make a foul call when the contact becomes illegal.
- c. **Illegal contact.** A foul shall be called when:
 1. A legally established arm-bar is extended and displaces an opponent.
 2. Displacement occurs from a locked and/or extended elbow.
 3. A leg or knee is used in the rear of an opponent to hold or displace.
 4. An offensive post player “backs-down” and displaces the defender once that defender has established a legal guarding position.
 5. The offensive post player holds, hooks or displaces the leg or body of the defender.
 6. An opponent is displaced from a legally established or obtained position.

Ball Handler or Dribbler

- a. **Definition.** A ball handler or dribbler is any player with player control (holding or dribbling) outside the lane area, either facing or with her back to the basket. An arm-bar is contact with the forearm that is away from the body.
- b. **Legal activity.** The following are examples of legal activity:
 - 1. A one hand “measure up” by the defense. This means, one hand (front or back of the hand) contacting the ball-handler/dribbler and immediately removing that hand. Also known as a “hot stove” touch. This is the ONLY hand contact that is legal by the defense and is considered incidental.
 - 2. When a dribbler makes a move past a defender, and the defender’s arm, which is against her own body, makes incidental contact with the dribbler. Bodies may momentarily touch as long as there is no displacement.
- c. **Illegal contact.** A foul shall be called when:
 - 1. The defender contacts the ball-handler/dribbler ANYTIME with two hands.
 - 2. The defender places a hand (front or back of the hand) on the ball-handler/dribbler and keeps it on.
 - 3. The defender contacts the ball-handler/dribbler more than once with the same hand or with alternating hands.
 - 4. The defender contacts the ball-handler/dribbler with an arm-bar.
 - 5. Any displacement, holding or pushing occurs by either the offense or defense.

Cutting

- a. **Legal activity.** If the defender beats the cutter to the spot, the defender’s position is legal and the cutter is responsible for contact.
- b. **Illegal contact.** A foul shall be called when:
 - 1. The cutter is held with the hands, body or arm-bar.
 - 2. The cutter is pushed with the hands, body or arm-bar off her intended path.
 - 3. The cutter initiates contact and pushes or holds the defender in any way.
 - 4. Holding, pushing or displacement occurs by either the offense or defense.

Rebounding

- a. **Definition.** A rebound is an attempt by any player to secure possession of the ball after a try for goal. There is no player or team control on a rebound. The act of “blocking out” an opponent on a rebound is an attempt by any player to prevent an opponent from getting a rebound without displacing that opponent. Backing out an opponent is displacement and should not be confused with blocking out.
- b. **Legal activity.** Players must remain in their established vertical plane when rebounding and adhere to the rebounding principles in Rules 4-55 and 4-76.
- c. **Illegal contact.** A foul shall be called when:

1. The offensive or defensive player uses her body to “back out” or push an opponent from her legally established position. A player may not be pushed farther away from the basket.
2. A player is held to prevent her from getting closer to the basket.
3. The arm(s) of the opponent are “hooked” so she is unable to extend her arms to get the ball.
4. A player behind an established opponent uses her hands, arms, body or legs to displace in any way.
5. An airborne rebounder is undercut and displaced; taking away her landing space.

Section 4. (Men) Post Play

Some guidelines to officials in making correct, consistent calls in low-post play:

- a. Observe the entire play, especially when responsible for off-ball coverage.
- b. Anticipate the play but not the call when post players are in fronting situations.
- c. A defensive player pushing a leg or knee into the rear of the offensive player shall be a personal foul on the defender.
- d. An offensive player dislodging a defensive player from an established position by pushing or backing in shall be a personal foul on the offensive player.
- e. A player using the “swim stroke” arm movement to lower the arm of an opponent shall be charged with a personal foul.
- f. Post players using hands, forearms or elbows to prevent an opponent from maintaining a legal position shall be charged with a personal foul.
- g. A defensive post player may use a forearm on the back of an offensive post player who does not have the ball as long as equal pressure is being applied and there is no dislodging by either player. When the offensive player gains possession of the ball, the defensive post player must remove hands and forearms from the offensive player or a personal foul shall be charged.

Section 5. (Men) Hand-Checking (Impeding the Progress of a Player)

To curtail hand-checking, officials must address it at the beginning of the game, and related personal fouls must be called consistently throughout the game. Some guidelines for officials to use when officiating hand-checking:

- a. When a defensive player keeps a hand or forearm on an opponent, it is a personal foul.
- b. When a defensive player puts two hands on an opponent, it is a personal foul.
- c. When a defensive player continually jabs by extending his arm(s) and placing a hand or forearm on the opponent, it is a personal foul.
- d. When a defensive player uses an arm bar to impede the progress of a dribbler, it is a personal foul.

Appendix VII

Concussions

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage, and even death.

Recognize and Refer: To help recognize a concussion, watch for the following two events among your student-athletes during both meets and practices:

1. A forceful blow to the head or body that results in rapid movement of the head.
- AND-
2. Any change in the student-athlete’s behavior, thinking, or physical functioning (see signs and symptoms).

SIGNS AND SYMPTOMS

Signs Observed by Coaching Staff

- Appears dazed or stunned.
- Is unsure of score or opponent.
- Moves clumsily.
- Answers questions slowly.
- Loses consciousness (even briefly).
- Shows behavior or personality changes.
- Can’t recall events before hit or fall.
- Can’t recall events after hit or fall.

Symptoms Reported by Student-Athlete

- Headache or “pressure” in head.
- Nausea or vomiting.
- Balance problems or dizziness.
- Double or blurry vision.
- Sensitivity to light.
- Sensitivity to noise.
- Feeling sluggish, hazy, foggy or groggy.
- Concentration or memory problems.
- Confusion.
- Does not “feel right.”

An athlete who exhibits signs, symptoms, or behaviors consistent with a concussion, either at rest or during exertion, should be **removed immediately from practice or competition** and should not return to play until cleared by an appropriate health care professional.

IF A CONCUSSION IS SUSPECTED:

1. **Remove the student-athlete from play.** Look for the signs and symptoms of concussion if your student-athlete has experienced a blow to the head. Do not allow the student-athlete to just “shake it off.” Each individual athlete will respond to concussions differently.
2. **Ensure that the student-athlete is evaluated right away by an appropriate health care professional.** Do not try to judge the severity of the injury yourself. Immediately refer the student-athlete to the appropriate athletics

medical staff, such as a certified athletic trainer, team physician or health care professional experienced in concussion evaluation and management.

3. **Allow the student-athlete to return to play only with permission from a health care professional with experience in evaluating for concussion.** Allow athletics medical staff to rely on their clinical skills and protocols in evaluating the athlete to establish the appropriate time to return to play. A return-to-action progression should occur in an individualized, step-wise fashion with gradual increments in physical exertion and risk of contact. Follow your institution's physician supervised concussion management protocol.
4. **Develop a game plan.** Student-athletes should not return to play until cleared by the appropriate athletics medical staff. In fact, as concussion management continues to evolve with new science, the care is becoming more conservative and return-to-play time frames are getting longer. Coaches should have a game plan that accounts for student-athletes to be out for at least the remainder of the day.

For further details please refer to the "NCAA Sports Medicine Handbook Guideline on Concussions" or online at www.NCAA.org/health-safety and www.CDC.gov/Concussion.

Sportsmanship is a core value of the NCAA. The NCAA Committee on Sportsmanship and Ethical Conduct has identified **respect** and **integrity** as two critical elements of sportsmanship and launched an awareness and action campaign at the NCAA Convention in January 2009.

Athletics administrators may download materials and view best practices ideas at the website below: **www.NCAA.org**, then click on **“Student-Athlete Programs,”** then **“Sportsmanship”** and select the **“Resources/Best Practices”** tab.

The NCAA salutes the more than
430,000 student-athletes
participating in **23 sports** at
more than **1,200** member institutions
